Retirement Planner Scheme

The Retirement Planner Scheme is an initiative launched by the Pension Fund Regulatory and Development Authority (PFRDA) with the aim of creating awareness about retirement planning, National Pension System (NPS), and Atal Pension Yojana (APY). The scheme recognizes the importance of preparing for retirement and seeks to educate individuals about the available options for securing their financial future.

The scheme is being operationalised by a professional training agency named the Skillera Tech Private Limited [previously known as Hero Mindmine Institute Private Limited (HMM)] on behalf of PFRDA. The agency is responsible for overseeing the overall execution of the scheme and plays an important role in coordinating and organizing various activities related to retirement planning awareness.

Under the scheme, Retirement Planners (RPs) are appointed to conduct workshops for subscribers and the general public. The retirement planners are trained professionals who possess a deep understanding of retirement planning strategies, investment options, and the benefits of NPS and APY. Their primary responsibility is to educate individuals about the importance of retirement planning and provide guidance on how to effectively plan for a secure financial future.

The workshops conducted by retirement planners aim to create awareness and impart knowledge about retirement planning essentials. The RPs cover various topics such as understanding the concept of retirement, estimating retirement needs, exploring investment options, tax benefits, and the role of NPS and APY in retirement planning.

The retirement planners engage with participants, address their queries, and provide advice to help them make informed decisions regarding their retirement savings. By equipping people with the necessary knowledge and tools, the scheme plays a vital role in fostering a culture of retirement preparedness and financial literacy among the population at large in both rural and urban areas.

The Retirement Planner Scheme, serves as an important initiative in promoting retirement planning awareness, empowering individuals to make informed decisions, and encouraging a financially secure retirement for all.
